Sir:

In accordance with the duty of disclosure under 37 C.F.R. § 1.56, Applicant hereby notifies the U.S. Patent and Trademark Office of the documents which are listed on the attached PTO/SB/08 (modified) form and/or listed herein and which the Examiner may deem material to patentability of the claims of the above-identified application.

One copy of each of the listed documents is submitted herewith, except for the following: U.S. patents and/or U.S. patent publications; and co-pending non-provisional U.S. applications filed after June 30, 2003.

The present Information Disclosure Statement is being filed (without a Statement Under 37 C.F.R. § 1.97(e)) after the later of three months from the application's filing date and the mailing date of the first Office Action on the merits, but before a Final Office Action, Notice of

Allowance, or an action that otherwise closes prosecution in the application (whichever is earlier), and therefore a fee of \$180.00 under 37 C.F.R. § 1.17(p) is required.

In compliance with the concise explanation requirement under 37 C.F.R. § 1.98(a)(3) for foreign language documents, Applicant submits the following explanations: English-language abstracts and machine translations are being submitted for JP 2002-356613, JP 2000-129147, JP 5-65403, and JP 2002-088148. In addition, English-language abstracts are being submitted for JP 7-62218 and JP 7-62217. All of these documents were cited in the International Search Report and in the Information Disclosure Statement filed on October 3, 2005, but at the time copies of these documents were not submitted. Further, JP 2002-356613, JP 2000-129147, JP 5-65403, and JP 2002-088148 were cited in the International Preliminary Report on Patentability with its Written Opinion that were filed with the Information Disclosure Statement of July 20, 2006. Still further, JP 5-65403 is cited and discussed at pages 2 and 3 of the present specification, and corresponds to U.S. Patent 5,900,458 that has been cited by the Examiner. In addition, JP 2002-356613 corresponds to U.S. Patent 7,151,128.

The submission of the listed documents is not intended as an admission that any such document constitutes prior art against the claims of the present application. Applicant does not waive any right to take any action that would be appropriate to antedate or otherwise remove any listed document as a competent reference against the claims of the present application.

The statutory fee of \$180.00 is being charged to Deposit Account No. 19-4880 via EFS Payment Screen. The USPTO is also directed and authorized to charge all required fees, except
